Proposition 1C: New Funding for Housing and Infrastructure

California voters approved **Proposition 1C** (The Housing and Emergency Shelter Trust Fund Act of 2006) on the November, 2006 statewide ballot, thereby extending America's largest state-funded affordable housing assistance effort. In Fiscal Year 2006-07, funds provided by Proposition 1C and Proposition 46 made up 72 percent of the \$484 million in loans and grants that HCD awarded to hundreds of city and county government agencies, nonprofit housing developers and service providers, for-profit developers and small businesses.

Proposition 1C is the successor to **Proposition 46** (approved in November, 2002), which authorized \$2.1 billion in state bonds for a variety of new housing investments. Over the last five years, HCD has invested over \$1.5 billion in Proposition 46 funds with hundreds of state and local, public and private organizations to create, preserve or incentivize more than 87,000 affordable housing units. By Spring 2009, all Proposition 46 funds will have been fully awarded.

Proposition 1C authorized **\$2.85 billion** more in General Obligation bonds to continue several important bond-funded housing assistance programs, and begin new programs to improve infrastructure in support of housing. This new money is allocated as follows:

- **\$1.15 billion** to continue several HCD programs that were created or supported by Proposition 46:
 - \$345 million for the Multifamily Housing Program (MHP)
 - \$300 million for the CalHome program
 - \$195 million for the Multifamily Supportive Housing Program (MHP-SH)
 - \$135 million for the Joe Serna, Jr. Farmworker Housing Grant Program (Serna)
 - \$125 million for Building Equity and Growth in Neighborhoods (BEGIN)
 - \$50 million for the Emergency Housing and Assistance Program Capital Development component (EHAPCD)
- **\$1.3 billion** for four new programs to be operated by HCD:
 - \$300 million for a new **Transit-Oriented Development** Housing Program (TOD) that provides funding for infrastructure and higher-density housing near qualifying transit stations
 - \$50 million for housing for **homeless youth**, to be administered through the Multifamily Housing Program (MPH)
 - \$850 million for development of public infrastructure projects that facilitate or support **infill housing** construction. Projects could include water, sewer and

transportation improvements, traffic mitigation, brownfield cleanup, and up to \$200 million for parks in addition to the parks allocation described below. Legislation in 2007 (SB 86, Chapter 179) established criteria for eligible infill housing projects, set HCD's project rating and ranking priorities, and allocated \$60 million of these funds to the California Pollution Control Financing Authority for brownfield cleanup to promote infill.

- \$100 million for the new **Affordable Housing Innovation** Fund, for pilot programs to demonstrate innovative, cost-saving approaches to creating or preserving affordable housing. Legislation in 2007 (SB 586, Chapter 652) allocated these funds to four new activities and to the revival of the Local Housing Trust Fund program originally created by Proposition 46. The five activities include:
 - Loan Fund (Affordable Housing Revolving Development and Acquisition Program)
 - Practitioner Fund (Affordable Housing Revolving Development and Acquisition Program)
 - Local Housing Trust Fund Program (LHTF)
 - Innovative Homeownership Program
 - Construction Liability Insurance Reform Pilot Program
- **\$200 million** for the existing Homebuyer's Downpayment Assistance Program operated by the California Housing Finance Agency (CalHFA). Up to \$100 million of this may be expended for land acquisition and the construction of for-sale housing.
- **\$200 million** for the new Housing Urban-Suburban-and-Rural **Parks** Account, for a program to make housing-related parks grants. This program was not fully defined by Proposition 1C language. Legislation is expected in 2008 to complete the details and assign operating responsibility.

In January, 2007, Governor Schwarzenegger directed the Department of Finance to create a Bond Accountability website (<http://www.bondaccountability.hcd.ca.gov/>), where HCD, along with other state agencies that spend bond funds, reports to the public on our progress in carrying out Proposition 1C. A page on HCD's website (<http://www.hcd.ca.gov/fa/bonds.html>) provides supplemental information on Proposition 1C workshops and stakeholder meetings, on the California Housing Finance Agency's use of its portion of Proposition 1C funds, and on HCD's cumulative awards totals resulting from Proposition 46, the previous bond measure enacted in 2002.

How HCD Awards Loans and Grants

The mission of the Department of Housing and Community Development (HCD) is to provide leadership, policies and programs to preserve and expand safe and affordable housing opportunities and promote strong communities for all Californians.

To accomplish this, HCD awards loans and grants to hundreds of public and private housing developers and service providers every year. This money supports the construction, acquisition, rehabilitation and preservation of affordable rental and ownership housing, shelters and transitional housing for the homeless, public infrastructure and facilities, and jobs for lower income workers. (Please note, however, that with rare exceptions, HCD programs do not make loans or grants directly to individuals.)

HCD's loan and grant programs typically announce the availability of program funds by issuing a formal Notice of Funding Availability (NOFA) or a Request for Proposals (RFP), that is posted on our website and noticed or sent by mail to cities, counties, developers and other interested parties. The NOFA describes the program that is offering the money, the amount available, the eligible uses of the money and other rules and relevant information, tells who can apply and how, and may give an application deadline date if the process is competitive.

HCD's NOFAs and RFPs make funds available in either of two ways: (1) over-the-counter (OTC), or (2) on a competitive basis. **Over-the-Counter** means that applications will be accepted at any time, evaluated, and funds awarded to qualified applicants one at a time, on a first come, first served basis, until the available funds have been committed. Projects are evaluated using the program's threshold criteria, and those that meet all the minimums are usually funded. The criteria may reside in the program regulations, in guidelines, or in the NOFA itself.

In a **competitive** funding process, the NOFA or RFP includes an application deadline date. Applications are collected and held until the deadline, and then reviewed and compared in a rating and ranking process that is designed to be as fair and objective as possible. Each application is rated for completeness and given point scores for program criteria such as the sponsor's experience and other qualifications, readiness of the project to proceed, responsiveness to local needs, degree of affordability to the targeted beneficiaries, amount of other nonprogram funds leveraged, geographical distribution, etc. Then the projects are ranked according to their total point scores, and usually funded from the top of the list down until all available funds are committed.

Before final decisions are made, most staff recommendations for awards or disapprovals are reviewed by the **Local Assistance Loan and Grant Committee**, an appointed panel of outside developers, lenders and public officials that meets periodically to advise the Director on loan and grant decisions. The Committee's review is required by law for some, but not all programs. It typically reviews awards for individual projects, but not for programs such as Community Development Block Grant-funded city or county housing rehabilitation programs. The Committee adds an additional valuable perspective on the financial, technical and policy issues of the proposals it reviews.

Award decisions are announced in letters from the Director or Deputy Director to the applicants, recipients, media, local legislators and other interested parties. Contracts for disbursement of the awarded funds are developed and executed, and the disbursement of funds commences according to the contract when the project begins.

For details on upcoming funding opportunities, use the contact phone numbers in the program descriptions in this Directory, or visit our Funds Available Calendar at <http://www.hcd.ca.gov/fa/>.
